: Re:
: Presentations from workshop
: now downloadable from
: ISWI website.

Dear ISWI Participant:

This issue is "2010 ISWI Workshop #10."

For most of the talks delivered during the workshop, their corresponding presentation slides can now be downloaded from the ISWI website (www.iswi-secretariat.org), which is maintained by Mitko of the Bulgarian Academy of Sciences. Each presentation file is either in pdf or ppt format.

If you go to the website, click on the "Meetings" tab. You will then see the screen attached to this email as pdf; the relevant portion is inside the red-box frame of this pdf. Just select the presentation that you wish to see.

I wish to thank Mitko for bringing to my attention this great addition to the ISWI website. We are a team !

Sincerely,
: George Maeda
: The Editor
