

Schools and Workshops

P. Doherty, ISWI Workshop Coordinator

ISWI School on Space Weather and GNSS

- Baku, Azerbaijan; 8-12 October 2018
- <http://sdf.gov.az/conferences/iswischool2018/>
- >50 of participants, 23 of countries – many from Azerbaijan
- Lectures:
 - Plasma Physics, Solar Physics, Space Weather, Ionosphere, Magnetosphere, Ionosphere, Ionosphere Modeling, Sun-Earth Connection, GNSS, Capacity Building, Education and Outreach
- Lecturers: Nat, Shafa, Pat, Keith, Endawoke, Christine, Anthea, Mark Miesch, Pertti Makela, Sandro Radicella, Renato Filjar, Dominic Hayes. From Azerbaijan: Elchin Babayev, Roald Zagdeev, Namig Dzhalilov, Tarlan Mammadzade
- Visits to AzerCosmos, Shamakhy Astrophysical Observatory and the National Aviation Academy

To advance the topics of Space Weather and GNSS to scientists and students in Eastern Europe and Asia

Other Activities Supported

- ❑ **Mini Space Science School, Buenos Aires, Argentina**
 - ❑ 11th Latin American Conference on Space Physics
 - ❑ 3 Lecturers from the US – April 2018
- ❑ **COSPAR Capacity Building Workshop, Makele, Ethiopia**
 - ❑ 2 Lecturers supported – May 20 – June 1, 2018
- ❑ **15th ISEA Symposium, PRL, Ahmedabad, India**
 - ❑ 3 Lecturers from the US – October 22-28, 2018

*15th International Symposium on Equatorial Aeronomy
180 participants, 22 countries*

Upcoming Workshop

International Space Weather Initiative Workshop 2019

20 - 24 May 2019
Trieste, Italy
