\*\*\*\*\* Message from UNOOSA \*\*\*\*\*

Dear Colleagues,

At the forthcoming 63rd International Astronautical Congress to be held from 1 to 5 October 2012 in Naples, Italy (see <http://www.iaac2012.org/>) a special session on the theme "Effects of Space Weather on GEO Satellites" will be held as part of the 25th Symposium on Space Policy, Regulations and Economics.

This session will discuss case histories and mechanisms of effects of space weather on GEO satellites, models for prediction, and mitigation approaches. We would like to invite you to consider submitting abstracts for this session.

The call for papers can be found at [http://www.iafastro.org/docs/2012/iaac/IAC2012\\_CallForPapers.pdf](http://www.iafastro.org/docs/2012/iaac/IAC2012_CallForPapers.pdf). The deadline for abstract submission is 29 February 2012.

With best regards,  
Werner Balogh
