: Re:
: United Nations/Austria Symposium on Data Analysis
: and Image Processing for Space Applications and
: Sustainable Development: Space Weather
: ***** R E M I N D E R *****

Dear ISWI Participant:

This symposium was originally announced in ISWI Newsletter Vol. 4 No. 65 on 14 June 2012.

The organizers are seeking ways to re-announce the availability of fellowships (air travel and room and board for the time of the Symposium) for space weather experts and scholars -- so that they may come to Graz, Austria, to focus on data analysis and image processing of space weather related data.

This is a particular appeal to national coordinators from 100 countries to meet in Graz, Austria, to exchange notes with other coordinators.

Please note that the deadline for registration has been extended up to 15 July 2012, but financial support for participants might not be available if applying after July 1.

Online application is at:
www.unoosa.org/oosa/en/SAP/act2012/graz/index.html

Sincerely,
: George Maeda
