I S W I Newsletter Master Table of Contents (TOC) by George Maeda, Editor of ISWI Newsletter

Line No.	Vol.	No.	Rough contents
1	1	1	Inaugural issue (600 hardcopies were distributed by SERC and the UN Office for Outer Space Affairs)
2	1	2	AWESOME Project (from Dr Morris Cohen)
3	1	3	ISWI Logo Contest (the official announcement)
4	1	4	SID (Sudden Ionospheric Disturbance) --- VLF Monitor

5	2	1	Logo contest reminder; Japan Kick Off Meeting; New IYA logo
6	2	2	Two COSPAR-related items (meeting report and book review)
7	2	3	Rabat, Morocco (meeting notes from November 2009)
8	2	4	Letter by Dr Hans Haubold (dated 10 January 2010)
9	2	5	Letter by Alexander Warmuth (COSPAR at Bremen, Germany)
10	2	6	Letter from Werner Balogh (IAC)
11	2	7	Final IHY Korea UN Report
12	2	8	Two book announcements (<i>Asia IHY School</i> and <i>Putting the "I" in IHY</i>)
13	2	9	UN Document 967E and ISWI organization in each participating nation.
14	2	10	1. UNBSSI paper by Dr Hans Haubold, and 2. Spain Report
15	2	11	1. Japan ODA (30 pages), and 2. Letter from Dr J. Davila to Prof. K. Yumoto
16	2	12	Talk by Prof. Yumoto at 47th Session of Sci. and Tech. Subcommittee (Vienna, Austria)
17	2	13	1. Informal summary of 47th Session, and 2. ISWI overview, by Drs. J. Davila and N.Gopalswamy
18	2	14	17-page UNBSSI PowerPoint presentation, covering Years 1990 to 2012.
19	2	15	1. 2010 SERC School in India, and 2. Item on Prof. Mathai (event to take place in 2011)
20	2	16	1. ISWI Newsletter domain report, and 2. Announcement for AGU 2010 meeting in Brazil.
21	2	17	News from Ivory Coast (Thesis of ZAKA Komenan Zacharie)

22	2	18	GNSS workshop in Moldova, May 2010.
23	2	19	1. IYA2009 news, and 2. Four photos by Dr Watari (NICT, Japan) taken at COPUOUS, Vienna, 2010.
24	2	20	TEPA – 2nd Circular (from Prof. Ashot of Armenia).
25	2	21	“Call for Papers” – International Astronautical Congress @ Prague.
26	2	22	Announcement for website of ISWI workshop (in Luxor, Egypt, November, 2010).
27	2	23	Paper by Ferri/Savio/Plastino (Physica A)
28	2	24	List of ISWI National Coordinators (taken from ISWI website) ---- refer to this website for current info.
29	2	25	1. 2nd announcement for Luxor website, and 2. many photos from IHY workshop in Korea (2009).
30	2	26	SDO Press Release from NASA
31	2	27	1. GPS Network in Africa, and 2. Heliophysics Summer School
32	2	28	new Solar Observatory in Peru (by Dr Jose Ishitsuka, with IGP in Peru).
33	2	29	CHAIN Project of Japan.
34	2	30	IGRGEA letter (from Dr Christine Amory of France).
35	2	31	1. Space Weather (NASA document, pdf), and 2. United Nations document.
36	2	32	News from Ilorin, Nigeria (MAGDAS and Digisonde installation report, by Dr Adimula, et al.)
37	2	33	Members of Slovak ISWI national committee (news from Dr Nat Gopalswamy, GSFC, NASA).
38	2	34	Repeat announcement for GNSS Moldova meeting (May of 2010).

39	2	35	ISWI Instrument Providers (permanently on display at the ISWI website of Bulgaria).
40	2	36	CALLISTO news – Report 23 (from Switzerland).
41	2	37	Space Weather Research in Egypt (6.3 MB pdf, 58 pages, by Dr. A. Mahrous of Helwan University).
42	2	38	Master Table of Contents (TOC) of ISWI Newsletter (compiled by G. Maeda, SERC).
43	2	39	ISWI Logo Contest results (includes final logo design, 6.5 MB pdf from the winner, Ben Cotts)
44	2	40	ISWI Logo NoText1 (this too is 6.5 MB ---- too large for one email transmission).
45	2	41	ISWI Logo NoText2 (this too is 6.5 MB ---- too large for one email transmission).
46	2	42	Reminder about text-less versions of the ISWI logo (modify it for your own national script)
47	2	43	Year 2012 ISWI Workshop in Ecuador (Preliminary Announcement by Prof. Lopez in Quito)
48	2	44	Space Weather Enterprise Forum 2010 – Washington DC – June 8, 2010.
49	2	45	OMTIs of STE Lab of Nagoya University
50	2	46	NASA on SWEF (Space Weather Enterprise Forum --- first mentioned two issues ago)
51	2	47	Announcement for the New & Improved ISWI website. (w/Photo taken at Bulgarian Academy of Sciences)
52	2	48	CALLISTO Status Report No. 24 (Report No. 23 was sent out in ISWI Newsletter vol 2, no. 36)
53	2	49	Obituary on Valery Troitskaya (1917 – 2010) –Contributed to space plasma and ULF waves.
54	2	50	More on SWEF (Space Weather Enterprise Forum); Cover Sheet plus 31–page booklet
55	2	51	Update on SAVNET (S. America VLF Network) – submitted by Jean–Pierre Raulin on 27 June 2010.

56	2	52	AGU Editor's Choice (Space Weather) ---- now offered on service basis instead of subscription basis
57	2	53	2010 ISWI-Africa Summer School in Ethiopia
58	2	54	CALLISTO Status Report No. 25 (Milestone: solar radio event no. 1000)
59	2	55	2010 ISWI-Africa Summer School in Ethiopia (revised dates)
60	2	56	Real time Data Transfer Techniques of the Global MAGDAS Magnetometer Network
61	2	57	AAS Newsletter with short article on ISWI (page 18 of the newsletter)
62	2	58	ICG document from Dr Hans Haubold (70-page pdf)
63	2	59	NASA Space Weather Poster and UNOV permanent space exhibit.
64	2	60	"Proceedings of the International Symposium on GNSS ..." (Berlin) 11-14Nov2008, 30Nov-2Dec 2009.
65	2	61	First meeting of "ISWI Working Committee of Malaysia" (3-page summary report)
66	2	62	SA08: Special Session at Fall AGU 2010
67	2	63	Bac Lieu Observatory (Vietnam) and ISWI, by Dr Ha Duyen Chau of Hanoi Institute of Geophysics.
68	2	64	2010 paper by Prof. Kane of Brazil; solar cycle research related.
69	2	65	Prediction of the size of the coming solar cycle, by Prof. Kane of Brazil.
70	2	66	Magnetar detection by SAVNET, submitted to Newsletter by Dr. Jean-Pierre Raulin.
71	2	67	Changes in the CALLISTO and PHOENIX observations and data archives.
72	2	68	(1) Short MAGDAS Report (Equator, Africa), and (2) ISWI exhibit at Vienna (from Hans)

73	2	69	YerPhI Press Release
74	2	70	CBSS website – archive for NJSR (Nigerian Journal of Space Research) IHY issue.
75	2	71	Three UN General Assembly reports (ISWI–related, each issued in Year 2010.) [Thanks to Hans.]
76	2	72	CALLISTO at Rosse Observatory, Ireland.
77	2	73	(1) Thank you letter to the organizers of IHY Korea 2009, (2) info on WAPII (2010 workshop in Abuja)
78	2	74	Announcement for ISWI workshop in Egypt (submitted by Dr Mahrous of Helwan University)
79	2	75	Space Weather School -- at Helwan University (Egypt) Sept–Oct 2010.
80	2	76	(1) UNOOSA Contributions to ISWI, and (2) IAA Study Group on space weather cooperation.
81	2	77	IGRGEA Letter No. 44 – Sept 2010 (from Dr Christine Amory–Mazaudier of France).
82	2	78	IYA 2009 -- Press Release (concerning the Final Report) (via Dr Hans Haubold)
83	2	79	Space Weather Out Reach example in Japan. (written in Japanese)
84	2	80	Int'l Advanced School on Space Weather Modelling and Applications (Trieste, 2010)
85	2	81	2010 ISWI Workshop (Egypt) -- MAGDAS Session Proceedings (64 pages)
86	2	82	Russian ISON website and African Skies website.
87	2	83	CHAIN Project article from "African Skies" No. 14 (June 2010).
88	2	84	Master Table of Contents (TOC) of ISWI Newsletter as of 26 Oct 2010.
89	2	85	ISWI Report for the IAU --- by David Webb (IAU rep for the ISWI) rcvd 30 Oct 2010.

90	2	86	IAU Commission 46 (Astro. Edu. And Dev.) Newsletter 73 – Oct2010. 22 pages.
91	2	87	Agenda for 2010 ISWI Workshop Egypt (Version 3, by Dr J. Davila, NASA) -- received 3 Nov 2010.
92	2	88	Final Programme for 2010 ISWI Workshop -- Helwan University, Egypt. (Received 5 Nov 2010).
93	2	89	2010 ISWI Workshop News #1: (1) Operational Plan for future workshops, and (2) 48 photos taken during the Egypt workshop
94	2	90	2010 ISWI Workshop News #2: Space Weather DVD is now available [Dr. Frank Jansen, Editor Space Weather DVD Bremen (Germany) 7 November 2010]
95	2	91	2010 ISWI Workshop News #3: (1) Message from Uruguay. (2) How to subscribe to the newsletter and access back issues.
96	2	92	2010 ISWI Workshop News #4: (1) The next ISWI Workshop (announcement)
97	2	93	2010 ISWI Workshop News #5: (1) "Basic Space Science and Atmospheric Science" with comment from Prof. Hans Haubold, Vienna.
98	2	94	2010 ISWI Workshop News #6: (1) IHY 2007 Workshop Proceedings just published !
99	2	95	2010 ISWI Workshop News #7: (1) NASA Press Release on 1st ISWI Workshop
100	2	96	2010 ISWI Workshop News #8: (1) MAGDAS Session Summary Report (by Prof. K. Yumoto, SERC)
101	2	97	2010 ISWI Workshop News #9: (1) 1st ISWI Workshop (Helwan University, Egypt) Proceedings
102	2	98	2010 ISWI Workshop News #10: (1) Workshop presentations available from ISWI website

103	2	99	2010 ISWI Workshop News #11: (1) Photos from the workshop (on the Workshop CD-ROM)
104	2	100	2010 ISWI Workshop News #12: (1) Sample of photos made available by Edwin Choque of Peru
105	2	101	(1) IGRGEA Letter No. 45 – Nov 2010 (from Dr Christine Amory-Mazaudier of France). (2) ULTIMA
106	2	102	CALLISTO Status Report No. 26 (from Dr. Christian Monstein of Zurich, CH)
107	2	103	Urgent appeal from scientists in Bulgaria. Appeal to sign a petition.
108	2	104	Talk by Edwin Choque (Peru) at the 1st ISWI Workshop (Helwan University, Egypt).
109	2	105	ISWI School Report / 28 Oct – 4 Nov, 2010, Bahir Dar, Ethiopia / by Dr Nat Gopalswamy, NASA.
110	2	106	book on Mobile Science (m-Science) -- from Abdus Salam International Centre of Theoretical Physics (ICTP)
111	2	107	Announcement from Malaysia: CALL FOR PAPERS (ICONSPACE -- 12-13 July 2011)
112	2	108	Concerning the First ISWI Workshop : Call For Papers: Special issue of <i>Sun and Geosphere</i>
113	2	109	(1) 1st Announcement for ISWMCP (in China) (2) SERC Christmas Card for Year 2010.
114	3	1	CALLISTO in Egypt.
115	3	2	Space Weather Research (ISWI) vs. Space Weather Operations.
116	3	3	IUGG Melbourne, Australia (28 June – 7 July 2011) Union Session U11.
117	3	4	Sunanda and Santimay Basu Early Career Award in Sun-Earth Systems Science (an AGU award)

118	3	5	News from the AGS (African Geospace Society) ---- if you are interested, please join the AGS!
119	3	6	IAU on UNBSSI (and on IHY and ISWI)
120	3	7	New ISWI features of the SERC web site.
121	3	8	Some AWESOME VLF results (Indian region)
122	3	9	Transition from IHY to ISWI (paper of an IAU publication, Highlights of Astronomy, August 2009)
123	3	10	Foreign Phd candidates under Prof. Yumoto (self intros by Grace, Emad, Huzaimy, Magdi)
124	3	11	48th Session of STSC of UNCOPUOUS (Vienna, Feb 2011) -- Provisional Agenda.
125	3	12	SEVAN Network expanding to India Jawaharlal Nehru University
126	3	13	Universal Heliophysical Processes, by Dr Nat Gopalswamy of NASA (chapter from a new book)
127	3	14	"Reports on national and regional activities related to the Int'l Space Weather Initiative" (UN document).
128	3	15	(1) Reminder for AGU Basu Award, and (2) EE Index of SERC of Kyushu University.
129	3	16	The <i>ISWI Instrument Array Map</i> of the ISWI website.
130	3	17	Public Out Reach at SERC on 30 January 2011 (explaining our work to the general public)
131	3	18	Reminder regarding SUN AND GEOSPHERE (special ISWI Workshop edition)
132	3	19	Resource links for the AWESOME Project (message from Dr Ben Cotts)

133	3	20	Summary of Deliberations of ISWI Steering Committee Meeting (Feb 2011at Vienna)
134	3	21	ISWI Steering Committee meeting notes -- received by Editor from Dr Hans Haubold on 28 Feb 2011.
135	3	22	Results from ASEC and SEVAN worldwide network -- major solar event around 15 Feb 2011.
136	3	23	Deadline extensions for SUN AND GEOSPHERE special issue and MALAYSIA'S ICONSPACE conference.
137	3	24	School on GPS, SIG and new Technologies, Kinshasa, 11-24 September 2011 (GIRGEA)
138	3	25	Master TOC of ISWI Newsletter (as of 6 March 2011)
139	3	26	
140	3	27	
141	3	28	
142	3	29
