: Preliminary Announcement:
: UN/Ecuador Workshop on ISWI
: (October 2012)

Dear ISWI Participant:

These are the ISWI workshops:

: 2010 – Cairo, Egypt.
: 2011 – Abuja, Nigeria.
: 2012 – see attached pdf.

It is hoped that scientists and engineers living in South America
who are interested in getting involved in this workshop
(Science Organizing Committee, Local Organizing Committee, etc.)
will contact Prof. Ericson Lopez. His email is ericsonl[at]hotmail.com

Cordially yours,

PRELIMINARY INFORMATION

The organization of “UN/Ecuador Workshop on International Space Weather Initiative (ISWI)” is advancing successfully. The Quito Astronomical Observatory is immersed in these activities and has proposed October 2012 as a tentative time for the realization of this important scientific meeting which will congregate researchers from around the world working in the Space Sciences. Initially, we are planning to realize the workshop in this manner: One part in the capital city Quito and one part on the San Cruz Island of the Galapagos Archipelago. We will keep the scientific community informed on further advances in workshop organization.

Yours sincerely,

Ericson Lopez

Organizer, UN/Ecuador Workshop on ISWI.
